Do partner with us in helping our students revise conscientiously the lessons which they have learnt each day and strive towards the targets they have set for themselves in any of the following examinations - P6 and S4 Preliminary Examinations, Year-end Examinations, PSLE and GCE 'O' Level Examinations.

**3. Examination Process**

Please refer to Student Handbook pages 45 to 50 pertaining to the details of the Examinations Process. I would like to remind all P5 students that to be eligible for Primary 6 and PSLE, he/she must obtain a passing grade for every PSLE subject – English, Mathematics, Science and Chinese (only for students who are taking Chinese as a second language). Please take note that if a P5 student does not perform satisfactorily in the year-end examination, there may be a possibility that he/she will be advanced to Preparatory Secondary 1 Foundation (PS1F) instead of Primary 6.

Thank you for your kind attention.

Best Regards,

*Esther Ng*
